

You won't miss
an important
moment with

ParentZone

Stay updated with your child's
developmental milestones

Track your little one's developing journey

Connect with your child's nursery day, any time, anywhere.

Using the ParentZone app, you will not miss a single precious moment of your child's day. When your child is at nursery, they spend all day learning, exploring and experimenting; whether they are out in the woods or taking their very first steps.

At Highfield House Nursery we understand how important your child's breakthroughs are. Your child's **Key Person** will provide regular updates on your child's progress in their very own ParentZone Learning Journal.

Updates can include photos or videos of them enjoying their time, or entries keeping you constantly informed on activities and key moments; from nap times and nappy changes to what your child had for lunch.

How to get started

You will receive a link to sign up during your child's settling-in period. Please check your junk folder if you do not see it in your inbox.

As a parent, you can access the Learning Journal *anywhere, any time* of the day, and for years to come. Look back on it as a dedicated diary of their time at Highfield House Nursery.

You can also add your own comments and observations from home, making it a quick and easy way to stay in touch with your child's carer, swap ideas, or share something the nursery might need to know. After all, no one knows your child better than you.
